We appreciate the diversity and value that international citizens bring to and generate for the municipality. It is important to us that our citizens enjoy living and feeling at home and part of Gladsaxe Municipality.

We therefore invite you to join an engaging, informative and fun event for internationals living and working in Gladsaxe. This event offers an opportunity for you and your family to deepen your understanding of Gladsaxe Municipality, connect with local organizations, network with other internationals in your community and exchange tips on embracing life in Gladsaxe. We are looking forward to seeing you and your family and show you some of the Danish Christmas traditions – all in a warm and welcoming atmosphere.

Start networking with other internationals in Gladsaxe by joining our recently created Facebook group: **Internationals in Gladsaxe**
